La playliste

En ce moment, je fais un petit trip Enigma avec des chansons comme:

"Just for the day" (Dream On),
"Holdin' on to you" (Dream On),
"Valley of dreams" (Erotic Dreams),
"Voices in the Dark" (Erotic Dreams),
"Following the sun" (Voyageur).

Avec une mention spéciale pour "Voices in the Dark", qui a un son pas très Enigma-like, et surtout qui pourrait laisser pâlir les tambours du Bronx. Autrement, c'est un mélange fou comme d'habitude avec en mode shuffle:
